Monthly Report to Clare and Shuttern Ward Parish Councils from District Councillors

Planning

School Close, Bampton 23/00118/MFUL: This is for the demolition of 10 existing dwellings and erection of 18 affordable homes by Mid Devon Homes. These will be high-performance modular homes built by Z-Pods Ltd. that will be built off-site assembled on site in a period of a few weeks. In response to an enquiry by the Bampton Allotment Association, we have asked MDDC to assess whether a space could be used for raised beds for vegetable growing. We have asked for an update on the planned joint consultation by BTC and MDDC.

Rachel is still on the case with regards to concerns at Frog Street and Tiverton Road (near Mount Pleasant) in **Bampton**. The Planning Officer has asked for revised plans for Frog Street, including lowering the heights of the properties. He has been in touch with the Fire Service and DCC Highways about access. The disputed property title deed issue at Mount Pleasant has been resolved works regarding sewage still outstanding.

We note concerns regarding plans for a holiday let at Oakford (23/00864/FULL), ground levelling and a large caravan sited at **Morebath** and the situation regarding enforcement at **Spurway Mill**.

We called in to Committee the major application 23/01870/MOUT to allow development of a rural holiday park with 10 (potentially rising to 25) 'safari tents', cabins and onsite facilities at Loyton Lodge, **Morebath**. Many comments have been made on the planning Portal: 48 objecting, 2 supporting and one neutral. Morebath PC voted to recommend refusal. No date has yet been set for the application to be considered at the Planning Committee.

Change of use of a field near **Bolham School** from 'Private Garden' to 'Educational Use: We and Cllr Chesterton have been in touch with neighbours regarding this Planning Application DCC/4371/2023. Change of use would bring school activities adjacent to neighbours gardens increasing the level of noise there. It would also allow potential future permitted development that could also have a significant impact on neighbours enjoyment of their homes and gardens. Cllr Adcock has added a personal comment that these factors should receive careful consideration.

Planning Enforcement is not working well in MDDC. This important, although discretionary, function was reviewed at the Scrutiny Committee on January 15th and new Key Performance Indicators have been introduced so that MDDC performance on planning enforcement will be reported on a quarterly basis. There has been difficulty recruiting Enforcement Officers. One has recently resigned and currently one agency officer is employed.

Over – development in woodland is an ongoing concern in Oakford, Stoodleigh and Washfield Parishes as woodland is being cleared, built on and used for accommodation beyond that needed for forestry management. This is a risk to biodiversity in all the woodlands in Clare and Shuttern Ward. We continue to chase for the MDDC to investigate.

Bakes Wood, Washfield Parish: Bake's wood is the steep woodland down to the Exe to the right of the main road up to Stoodleigh (right turn after crossing the Iron Bridge from the A396). An individual has created (illegally) an access off the road and a building in the wood and left waste there. We are investigating what can be done to address the problem, which is complicated as ownership of the (unregistered) land is unclear. Rachel is liaising with the concerned parties and MDDC Development Control.

Sewage and water pollution

We note the continuing issues at **Oakford** where residents have reported 13 visits from South West Water since October. We still await engagement with South West Water regarding that and other local concerns. Rachel, as Chair of Scrutiny is inviting SWW and the EA to the meeting in March. There will also be a Cllr from Lewes attending where they review sewage increase as part of all planning applications. We would like MDDC to do the same.

State of the District Debate 2024

Parish Clerks will have received a letter about this event to be held on Wednesday 20 March at 5.30pm in Phoenix House. There will be guest speakers and group sessions with the aim of promoting enhanced partnership working between MDDC and Parishes and between Parishes. We would like to encourage as many of you to attend as possible to make it a success. Part of the Liberal Democrat Corporate Strategy plan, is to add an extra member to Cabinet who will be the Communities and Engagement Cllr to make sure this is a priority.

Cllrs Rachel Gilmour and Chris Adcock
